VISION:

Next Gen International School & its team envisions a community where every child is provided opportunities to nurture his/her unique human potential through transformation of teaching dynamics, assessment modes and imparting holistic & futuristic education. NGIS visions to be in forefront of schooling for the next generation children & bettering humanity.

MISSION:

Next Gen International School prepares the child with intellectual, physical, cultural and artistic skills in a stimulating environment. NGIS provides a balanced education of academics, co-curricular, extra curricular & outdoor curriculum. By empowering the teachers to positively transform themselves & parent orientations on the future of learning & education; Students, Teachers, Parents & the whole community would be impacted to ensure that every child is accepted, appreciated, nurtured & challenged according to their individual needs.

MOTTO: Conquest by Compassion

Strong Roots . . . Strong Shoots:

The stronger the foundation, the stronger would be the structure that it holds, not only for a building but also for a child's personality.

NGIS Management established Kennedy School, Guntur, which has been educating thousands of students with wholesome & quality education since 1981. To provide more child centric activities & introduce futuristic learning, Next Gen Kids was launched at Arundelpet, Guntur in 2009. With its success & parents desire, Next Gen Kids at RajendraNagar, Guntur was launched in 2014.

As Next Gen Kids have been successful in giving the best foundation for the child at Primary Schooling, the management came up with a full school along with Boarding facility – Next Gen International School at Ongole in 2015 in a 12 Acre serene campus. Soon, NGIS Ongole has been the Most Awarded School of the state, having accoladed by numerous organisations as the Most Emergent School, Best Boarding, Top Sports Education, etc

NGIS, Guntur has been set up in 2019 and soon it also became the first choice of the parents, who are looking at a holistic school.

NGIS is not just another school or franchisee, it is an Evolution of Futuristic Schooling.

Kennedy School, Next Gen Kids campuses @ Guntur, AP educating over 2000 students since 1981.

Inspiring . . . Guiding . . . Leading :

Where there is great leadership, there is everything that can make a difference

The mentors foster independence of mind and spirit through kindly guidance and nurturing under the leadership of the management with over 4 Decades of Educational Experience.

Directors **Mrs. Aravinda, Dr. SreeVidya, Mr. Sreekanth & Dr. Muralidhar** ensures that the school is on a progressive path towards achieving its vision.

Principal **Dr RLV Ramesh & team** ensures NGIS is on the right path of its mission.

Highly skilled, qualified & experienced educators (teachers) are taken from different parts of the country & world. All our Educators undergo continuous professional development trainings. They possess an attitude of being life-long learners and have the will & ability to 'unlearn & relearn' to quickly adapt to the future of schooling.
